

## Teletechno Vista Wifi Camera

---

Experience a new sense of security

With Vista Wifi Camera from Teletechno hear and listen in real time everything that's happening at your home or office. With the 1080x720 high res definition you will not miss any detail, being also able to communicate in both ways with it built in microphone and speaker. The motion detectors will reduce your worries, sending alerts each time movement is detected.

## Key Features and Optics

Automatic day and night with IR-cut filter

Motion / Event notification

Support 32GB TF card local recording

IR Distance up to 10-15 Meter (33ft night view)

Built-in Microphone + Speaker

Remote control by phone / tablet

Motion Detection

## Real Time Streaming

Access to live streaming is easy and always available from our mobile phone application. Manage up to 16 cameras simultaneously from the Vista Wifi App, available in Android and iOS. Customize your devices, alarms and spaces from our easy to use mobile interface.

## The simplest setup in home security

1. Download the Vista Wifi App from App Store or Play Store.

2. Plug your camera to the energy and connect it to your Wi-Fi network.

3. Place your cameras anywhere they're needed- mount them on walls or snap them into other surfaces with easy installation.
